### **Awardees - visa application process**

Please note that the attached list includes all nominated applicants who were awarded the scholarship. Tempus Public Foundation is going to inform the scholarship holders about their application results in the upcoming days and request them to start their visa application process as soon as possible. We kindly ask you to assist the awarded candidates with any support that might be necessary from the Sending Partner. Please note that the responsible Hungarian Embassy/Consulate and the Hungarian host institutions have also been informed about the incoming students.

We would also like to kindly remind you about the essential steps leading to the launch of the visa application process of the scholarship holders:

- First, the applicants are required to accept the scholarship offer in the online application system which will be followed by the Hungarian host institution issuing a "Letter of Admission" document for the visa application process.
- Applicants with a conditional status can proceed to the acceptance or declination of their scholarship as well. At the same time, these applicants must complete both steps (i.e. submit their missing documents, if available, and accept their offer) until the deadline. In certain cases based on the current situation, it is expected that the date of the final exams or the issuance of certificates will be postponed and graduates will not be able to receive them until the deadline. In this case, the relevant Sending Partner/Ministry shall confirm the situation and send an official statement to the Tempus Public Foundation who will inform the institutions. You have previously been informed regarding our procedure in case the degree and final exam certificates are issued after the submission deadline. In the event of any change that influences the issuance of certificates in your country, please inform us.
- Secondly, the official "Letter of Award" will be sent to them through the online system and by email. The "Letter of Award", issued by Tempus Public Foundation is to certify the scholarship status and it is also necessary for the visa process.

### **Mandatory medical certificate and examination**

Based on the Act CCIV of 2011 on National Higher Education related to medical examinations of students from abroad, for those scholarship holders who start their scholarship programme in Hungary, it is compulsory to upload a mandatory medical certificate in the DreamApply online application system and undergo a medical examination upon arrival to Hungary. Applicants who do not fulfil these obligation, shall be excluded from the application process.

Applicants have had to upload the mandatory medical certificate or a statement (stating that the mandatory medical certificate will be uploaded until 1st of August 2021) until 16th of March 2021 at the latest. Applicants received several reminders of the obligation, however even after the last warning (13 June 2021), there were still applicants who had not uploaded the requested documents and therefore were excluded from the application process.

Besides the obligation concerning the medical certificate, new scholarship holders have to undergo medical examination upon arrival to Hungary. Scholarship holders not willing to undergo the medical examination will risk the termination of their scholarship agreement and will be sent home. If the scholarship holder is deemed unfit to continue his/her studies based on the medical examination result the scholarship holder status shall be suspended in the semester in which the medical unfitness was determined. The scholarship status is terminated if, after the repeated examination, the student is assessed to be medically unfit to continue and complete his/her studies.

### **Visa procedure during COVID-19 emergency**

We kindly ask you to make sure that all successful applicants start their visa application as soon as possible. Taking these next steps now is a key element of the process in order for the scholarship holders to begin their studies in Hungary on time. Also please inform successful applicants that they are advised to contact Hungarian Consulates as soon as possible to receive information on the current entry regulations. Consulates are most probably processing visa applications and consular services. If the consular services are not resumed in your country, please contact us for further assistance.

We would also like to draw your attention to the importance of the acceptance of the scholarship by the applicants in the DreamApply online application system. In case they contact you, please remind them of the following:

- applicants are required to accept the scholarship in the online system in the next 2 weeks
- applicants, who have a conditional status are required to upload the missing documents to the DreamApply online system as soon as they receive them, even if they have sent their documents earlier to the universities via e-mail.
- applicants have to finalize all administrative tasks mentioned above by the 1st of August 2021 at the latest, otherwise, they cannot be awarded the scholarship,
- applicants have to upload the mandatory medical certificate in the DreamApply online application system no later than 1st of August 2021.

Please note that you can also review the above-mentioned process in the DreamApply system.

## **Modes of study during COVID-19 emergency**

The successful applicants are able to start their studies in the first semester of the academic year 2021/2022, provided that the applicants are authorized to enter Hungary and enrol successfully until the last day of the enrolment period, which is 30 September 2021, unless the host institution sets a different deadline. Higher Education Institutions will most likely resume instruction from September 2021 on site. In special circumstances in which students are unable to travel to Hungary, online learning could be substituted if current government regulations allows this study mode and the host institution provides the possibility of online learning. In this case students need to provide a strong proof of the travel restrictions preventing them from travelling to Hungary.

According to the regulations travel restrictions are still in force. Those having a student status are subject to specific rules with regards to entering Hungary. We will provide information on the details, necessary conditions and procedures of entering the country, therefore we advise the scholarship holders to check their email frequently and follow the instructions published on our website (<https://stipendiumhungaricum.hu/>). Please consult the website of Consular Services regarding information on the current regulation for entering Hungary as well. In the meantime, please confirm for the applicants that regardless of the current situation they should accept their scholarship offers until the deadline and start the visa process as soon as possible.

In special circumstances in which students are unable to enter Hungary, there might be options for online education, given that the student can provide strong proof of the travel restrictions. With regards to the conditions applying to the course the applicant is conditionally admitted to, the applicant needs to consult their host institution and Tempus Public Foundation in case they are unable to travel.

### **Provisions covered by the scholarship – if offline classes resume:**

- Tuition-free education

\* exemption from the payment of tuition fee

- Monthly stipend (while staying in Hungary in accordance with the Operational Regulations)

\* non-degree, bachelor, master and one-tier master level: monthly amount of HUF 43 700 (cca.EUR 123) contribution to the living expenses in Hungary, for 12 months a year, until the completion of studies

\* doctoral-level: according to the current Hungarian legislation, the monthly amount of scholarship is HUF 140 000 (cca. EUR 400) for the first phase of education (4 semesters) and HUF 180 000 (cca. EUR 510) for the second phase (4 semesters) - for 12 months a year, until completion of studies.

- Accommodation contribution

\* free dormitory place or a contribution of HUF 40 000 to accommodation costs for the whole duration of the scholarship period

- Medical insurance

Students will receive the above-mentioned allowances as long as they have active student status at the allocated host institution. In any case, scholarship holders are urged to begin the visa procedure in due time, which might include a medical screening as well. As mentioned before, the scholarship holders will also receive information about these details and obligations by e-mail.

In the event of any changes due to the pandemic, we will inform you as soon as possible. We thank you for doing the same.

**Provisions covered by the scholarship – online classes:**

Scholarship holders who take part in online education while not residing in Hungary are not entitled to receive the monthly stipend, accommodation contribution and medical insurance, as these allowances are intended to contribute to their costs of living in Hungary. Scholarship holders who are unable to start their studies due to travel restrictions may submit a request to postpone their studies.
